

ONLINE **2023** DOE SUMMIT

Douglas Scott

Consultant, Optimal Formulations LLC

Douglas Scott received a BS in Pharmacy from the University of Cincinnati in 1986, and a PhD in Pharmaceutics from the University of Maryland in 1991. He then worked at Procter & Gamble for 26 years in the Rx and OTC drug divisions doing upstream technology development including: ingredient identification, formulation, drug delivery, and process development. Particular areas of focus for formulation optimization involved technical, biological, and sensory/experiential performance. In 2020 he graduated with an AS in Brewing Science from the Midwest Culinary Institute.

Since 2018 he has been working as a consultant in the area of experimental design and optimization with a primary focus on the development of new beverage products based on sensory science. Doug has been a strong advocate of DOE for over 30 years and has implemented it in a multitude of settings.
